SUMMARY

MERN Stack Developer with over 7 years of experience in small business management. I leverage my entrepreneurial experience to build user-centric digital products that solve real-world problems and drive business growth through effective and practical development.

SKILLS

Technical Skills:

- **Programming:** JavaScript (ES6+), HTML5, CSS3, SQL
- **Frontend:** Tailwind CSS, React, Responsive Design
- **Backend:** Node.js, Express
- **Database:** MongoDB (NoSQL), PostgreSQL (SQL)
- **Tools:** Git, GitHub, VS Code, Vercel
- **Design & Productivity:** Figma, Adobe Photoshop, Canva, Notion

Soft Skills:

- Problem-Solving,
- Adaptability & Continuous Learning
- Collaboration

Languages:

- Thai (Native),
 - English (Intermediate),
 - Japanese (JLPT N3)
-

PROJECTS

MAKE A SCOOP | E-Commerce Platform *(In-progress)*

- Developed a responsive "lab-themed" landing page using React and Tailwind CSS, focusing on high-fidelity UI/UX and visual consistency.
- Architected reusable components for scalability; currently integrating Node.js backend for product and checkout systems (In-progress).

Creative Market | Artist Marketplace Platform *(In-progress)*

- Collaborated in a team using Agile/Scrum to design and plan a specialized marketplace for handcrafted arts.
 - Designed high-fidelity mockups in Figma and translated them into responsive CSS layouts.
 - Architected system diagrams and database schemas in preparation for full React implementation.
-

EXPERIENCE

Full-stack Web Development Bootcamp | Generation Thailand (Mar 2026 – Jun 2026)

- Intensive Full-stack Development bootcamp with a focus on high-demand technologies and agile methodology.
- Mastered MERN Stack (MongoDB, Express.js, React, Node.js) and version control using Git/GitHub.
- Developed professional-grade web applications through Project-based Learning.

Small Business Owner | ICE PALETTE (Sep 2019 – Present)

- Managed end-to-end shop operations, optimizing supply chain and inventory for 15+ rotating flavors based on sales data.
- Designed all brand identity and digital marketing assets using Adobe Photoshop and Canva to drive social engagement.

Animator | Animated Storyboard (Aug 2015 – Feb 2017)

- Produced 3D character animations for advertising and mastered software transitions (Maya to 3ds Max) to meet project requirements.
-

EDUCATION

Bachelor of Science (Animation)

College of Arts, Media and Technology, Chiang Mai University (2011 – 2015)
